

Make it matter.
Make it matter.
Make IT matter.

Working with us means believing in the future; in the great people who are shaping it together every day and in the wide-ranging career paths it opens up. #believeinyourself

Student Part-time QA Tester (all genders)

#work&study #qa #testing

At Erste Digital, we don't want to talk to you about starting-up your career. No, we think you already started by becoming a student in your field of IT, learning and challenging what's next. What we want to talk to you about is scaling your career, with all the support and mentoring you need to be match-fit and productive from the go. And what better challenge than to work on George, one of Europe's leading digital banking platforms that combines design and technology into a very personal banking experience for 7,5 million customers.

With this exciting position, you can still learn the craft as you apply your skills to real-time, real-ready projects, joining a team who are agile & awesome, creative & brave, playful & serious.

What to do:

As a QA Tester Junior working on George, you will help us provide the most accurate picture of the quality of the product. This is no coffee-run position, as your scope of work will include testing Payments functionalities on George, reporting bugs, supporting developers and analysts, all while living and breathing in a vibrant Agile team.

Located in Bratislava at our newly refurbished agile-friendly workspace, you will enjoy the opportunity to also travel to Vienna to Erste Campus from time-to-time. This position is a long-term collaboration where you can continue to further your field of knowledge while applying it loyally to a real time, market-leading project.

You check these boxes:

- Are at least a 3rd year student at university who imagine themselves in an IT company
- Embrace 'attention to detail' as your daily mantra
- Are proactive and self-motivated without the ego to go with it
- Are curious about how things work and don't have fear to state your constructive criticism
- Know the broader potential of Web browsers and high level architecture of web technologies
- Have a natural confidence with your communication skills, while being fluent in English
- Understand that a bug is not just an insect

Why you will like us:

- We offer professional mentoring and an environment centered around continuous learning and improvement
- Interest groups and clubs: Take part in discussions and get involved in projects. Numerous interest groups invite you to engage with a topic
- Feed you with coffee, sweets and fruits and provide table soccer and tennis to train the stuff away
- We communicate and collaborate with a variety of tools including Slack, Confluence and JIRA
- Learning & Development – We are firmly convinced that every day is an opportunity for learning. Improve your know-how in workshops, seminars and through e-learning – from professional training to soft skills.
- New way of work: With our flexible working hours model we want to make your life less complicated. Combining the best of both worlds, remote and company time.
- We offer you a varied part-time internship position. An internship salary starting up from 7€/h, depending on your skill and previous work experience is offered.

The way we are

Erste Group considers the diversity of its employees as key to innovation and success. As employer we are proud to offer everyone equal chances, irrespective of age, skin colour, religious belief, gender, sexual orientation or origin.
